5. (Unclassified - [REDACTED]) By way of further follow up on prior contacts with Mr. Neal Peterson, formerly a member of the Senate Select Committee on Small Business and now on the Vice-President's staff, I called Mr. Peterson with respect to an OSI report on Soviet Solar Research. I also discussed the composition of the Vice-President's staff with him. Mr. Peterson is interested in seeing the OSI study and is also interested in knowing whether sufficient information on this could be presented in unclassified form noting that Representative John R. Schmidhauser is introducing a bill similar to that proposed by Senator Humphrey in the last Congress. He feels that information of the type contained in this report would be of interest if available in unclassified form. We are asking OSI to look into this possibility.
